# ⋯⋗ 10.4" Touch Screen CIJ

A Perfect Combination of Performance & Operation

- More stable and reliable with 32 bits Atmel industrial processor
- Easy interaction based on Linux platform
- Convenient to realize on-line print and upgrade
- Combination printing of messages in any order
- Sufficient store room for text messages with 64M memory space
- Innovative ink system has been granted the national patent

Printer features

Appearance

- 10.4 inches color touch screen with stainless steel enclosure
- Modular design for easy maintenance
- Automatic on-line monitor with various indication

Message editing and printing

- Logo and graphics drawing easily on the screen
- Various and customized fonts available
- Editing and attribute modification for any field of information
- Data backup and restore functioins to realize data exchange between printers
- Standard text and picture format for convenient data transmission with computer
- Variable text printing and random code stored for security printing

System performance

- Multi languages interface and easy to switch
- Simple and clear interface for easy operatioin
- Log management to record real-time operation
- Timing shutdown, automatic flushing and convenient maintenance
- Anti-static and interference design to ensure a stable operation in complex enviroment

Printing feature

Model	KN3430 / KN3430⁺
Printing Lines	1-3 lines - 1-4 lines
Fonts	5x5,7x5,7x7,10x7,12x12,16x16,24x24
Printing Speed	1076 charaters/s
Direction	Inverse, reverse, mirror printing
Message Height	1.8-5mm (7x5single line), 5-15mm (16x16single line)
Throw Distance	2-15mm (standard),2-40mm (high quality)
Bold	Up to 9 times
Language	Chinese, English, Japanese, Korea, Thai, Vietnamese, Russion
Input Method	English, Chinese, Wubi and Chinese phoneticize, Unicode charaters
Data Transmission	Serial Port, Ethernet Port, USB Port
Memory Space	64MB, Store over 10,000 text messages
Screen Size	10.4 inches, 800x600 Resolution
Dimentions	400x300x545mm
Net Weight	26Kg
Operating Temperature	5-45℃
Humidity Range	30-95%RH（non-condensing)
Rated Voltage	100-240V AC 50-60Hz
Rated Curent	3A
